

## **ONTECH SCHOOL SUPPLY LIST 2019-2020**

**Personalized journal** - we strongly believe in the power of written reflection. Having a space to record your thoughts and organize your observations is important. Please find a composition notebook or other style of journal that will help you to best record your thoughts. Your journal can be a lined or unlined journal of any size but please make sure you can carry it. Please make sure it is a book that you enjoy carrying with you when we are off campus and that you enjoy opening it up and writing and drawing in it.

**Writing instruments** - Choose writing instruments that you enjoy to use. Please have on hand at least one pen, one pencil and one highlighter.

**Divided (organized by section) notebook** - While you will have a personalized laptop, often we need to write notes or work on equations by hand. Our projects at OnTECH involve all of your classes. Even though you are working on the same project throughout the day, you will need to have a space for writing notes from each class (i.e. sketching microscope images while learning how to stain colonies of cells in water quality samples at the science lab) or working on a mathematical equation. Choose the type of divided notebook that will work best for you. Do you prefer a five subject spiral bound (with clean tear out paper), or do you feel more comfortable with a three ring binder with five dividers and looseleaf paper? Consider what works best for your organizational needs but please make sure you have 5 sections.

**Group share donations** - Many of you have mentioned that you don't mind buying more than your share. Thank you! If you have extra supplies, which have gone unused from previous years or you are interested in purchasing extra school supplies, we would gladly welcome these donations. Examples of items that are extremely useful as donations (at any time of the year) are as follows:

- Extra notebooks
- Tissues
- No. 2 Pencils
- Blue or Black Pens
- Straight edge or rulers
- Erasers
- Index cards
- Loose leaf
- White Board Markers
- Paper Towels
- Loose Leaf Paper
- Hand sanitizer
- Paper folders for handouts

Donations will be available to everyone in the OnTECH community as needs arise.

Please make sure that you have your supplies by Monday, September 9, 2019. If you have any questions about your supplies, feel free to ask your advisor when school starts.
